The motion was made by Don Linnell and seconded by Herbert Leslie to adopt article 6 as read. Voice vote in the affirmative and so declared passed by the Moderator.

7. Are you in favor of Amendment 1 as proposed by the Planning Board for the Tufonboro Zoning Ordinance?

Yes	No
-----	----

Art. 1B Definitions

Delete present definition of "Condominium" and replace with: "Condominium—real property, and any interests therein, lawfully submitted to R.S.A. 356-B by the recordation of condominium instruments pursuant to the provisions of R.S.A. 356-B."

(Explanation—Zoning Ordinance now defines a condominium as an apartment building; condominium is in fact a form of real property ownership. The proposed definition is taken verbatim from R.S.A. 356-B.)

Add:

"Subdivision—the division of a lot, tract, or parcel of land into two or more lots, plats, sites or other divisions of land for the purpose, whether immediate or future,

of sale, rent, lease, condominium conveyance, or building development. It includes resubdivision, and, where appropriate to the context, relates to the process of subdividing or to the land or territory subdivided. The division of a parcel of land held in common and subsequently divided into parts among several owners shall be deemed a subdivision under this article. (Per R.S.A. 672:14)"

(Explanation—Zoning ordinance now does not have a definition for subdivision in it. The proposed definition is taken from R.S.A. 672:14 and is already contained in Subdivision Regulations.)

Yes— 320

No— 119

8. Are you in favor of Amendment Number 2 as proposed by the Planning Board for the Tufonboro Zoning Ordinance? Yes No.

Art. 1B Definitions

Add:

"Manufactured Housing—any structure transportable in one or more sections, which, in the traveling mode, is 8 body feet or more in width and 40 body feet or more in length, or when erected on site, is 320 square feet or more and which is built on a permanent chassis and designed to be used as a dwelling with or without permanent foundation when connected to required utilities, which include plumbing, heating and electrical systems contained therein. (Per R.S.A. 674:31)"

Explanation—proposed definition is taken verbatim from R.S.A. 674:31.)

Add:

"Manufactured Housing Subdivision—any subdivision specifically including any subdivision of only rental sites, which contains manufactured housing."

(Explanation—proposed definition is developed based on R.S.A. 674:31 & 32.)

Delete:

"Mobile Home" and its definition.

(Explanation—definition is replaced by new definition for "Manufactured Housing".)

Delete:

Present definition of Mobile Home Park and substitute with "Mobile Home Park—a manufactured housing subdivision of rental sites."

(Explanation—Art. IV B 3 presently has criteria for mobile home parks which criteria are not being changed by these amendments. As proposed by these amendments, the difference between a mobile home park and a manufactured housing subdivision would be that parks, although they can have a greater density and are subject to greater setbacks and screening restrictions, etc., are held under single ownership with lots for rent or lease while lots in manufactured housing subdivisions must conform to subdivision requirements for conventional housing and lots can be conveyed to individual owners. Due to legislative changes in 1981, the Town has not and can no longer enforce the provisions of the ordinance that restrict mobile home parks to single ownership.

Art. III I.

Add:

the words "manufactured Housing" after the word "structure" in two places.

(Explanation—this would clarify the requirement that a building permit must be obtained prior to the placement of manufactured housing on a lot.)

Art. IV

Delete— IV B 2 and IV B 2 a (1).

(Explanation—IV B S A would be superseded by the new definition for manufactured housing. IV B 2 a (1) is already covered by Art. VII which deals with non-conforming uses.)

Art. IV B 3 a

Delete the words "mobile home" and replace with the words "manufactured housing".

(Explanation—a substitution of words to conform with new definitions.)

Delete: IV B3 d.

(Explanation—IV B 3 d deals with application procedure for approval of a mobile home park. After inserting the definition for "Subdivision" in the Zoning Ordinance

deleting IV B 3 d, then an application for a mobile home park would follow the same procedure as any other subdivision.)

Add:

"IV B 8. A manufactured housing subdivision shall consist of a minimum of twenty acres. Individual lots shall comply with lot size, frontage requirements, space limitations and other reasonable controls that conventional housing in the same area must meet. (Per R.S.A. 674:32)"

(Explanation—This is a new article and is derived from R.S.A. 674:32. See explanation given in Art. I B Definition re: Mobile Home Park.)

Yes—312

No—120

9. To see if the Town will vote to authorize prepayment of the Resident Tax and acceptance of the prepayment. If authorized, any person liable for Resident Tax may pay the tax at any time from April 1 until he receives notice of the assessed Resident Tax. The Tax Collector shall receive payment, issue a receipt, and credit the amount paid toward the Resident Tax later assessed for the year. Each month, the Tax Collector shall submit a list of all prepayments received to the Selectmen.

The motion was made by Thad Coleman and seconded by Edmund Dagnino to adopt article 9 as read. Voice vote in the affirmative and so declared passed by the Moderator.

10. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same, the sum of Four Hundred Nineteen Thousand Seven Hundred Twenty Dollars (\$419,720.), as recommended by the Budget Committee and such sums as may be required to cover the cost of any additional items voted at the meeting and in accordance with R.S.A. 32:8.

The motion was made by Elizabeth Campbell and seconded by Ken Craigue to adopt article 10 as read, budget figure being \$419,720.00. Voice vote in the affirmative and so declared passed by the Moderator.

11. To transact any other business that may legally come before the meeting. Under this article Moderator Lester swore in Moderator Wingate and turned the gavel over to him at this time. On behalf of the Town, Selectmen Chellman and Whitten presented Richard Lester with a gavel to commemorate his 20 years of service to the Town of Tufonboro.

Moderator Wingate asked for a motion to adjourn the meeting. Motion was made and seconded and voted to close the meeting. Meeting closed at 8:05 P.M. Due to the shortness of the meeting a count was not taken, but it is estimated that there were approximately 125 voters in attendance.

Report of the Highway Department

Extreme periods of rain during the spring and fall seasons again this year resulted in repairs to dirt roads due to excessive water damage as a result of washouts. Dirt roads were graded, crushed gravel added, and ditches were improved as needed throughout the area. Approximately 660 feet of culvert pipe have been replaced or relaid on town roads. Resurfacing was completed on Tuftonboro Neck Road, Union Wharf Road, and Sodom Road. The improvement project on Cross Neck Road was also finished. The expansion of the beaver population has resulted in the relocation of many of the animals, thus eliminating the inconvenience of flooding and poor drainage in most problem areas.

Plowing and sanding crews have worked to keep Tuftonboro's town roads open for winter travel. Approximately 800 yards of sand have been used in 1984 on icy and snow covered roads. The only salt used was a minimal amount mixed with the sand to keep it from freezing and being swept away. In many cases salt was not added. Road crews working an average snowstorm of about 12 hours, log approximately 92 to 114 miles per vehicle. Close communication between the Tuftonboro Fire Department and the Highway Department should be noted. In the event of a fire or emergency situation during winter months when there are icing conditions, the sand truck also responds for the safety of fire department equipment, volunteer firemen, and citizens.

The following guidelines have been established by the Board of Selectmen relative to the town's plowing of private roads: 1) Private roads will be plowed on a low priority basis; 2) No sanding or salting will be done by the town; 3) The town will not use special equipment to open private roads (bucket loaders, bulldozers, etc.). There are also conditions for eligibility for private roads to be plowed that are stated on a form that should be read and signed by individuals desiring this service. These are available at the town office.

Thanks again to all who have worked the extra hours, weekends, and nights to keep our town roads open for safe travel.

REGINALD COLBY
Road Agent

Report of Trustees of Trust Funds — 1984

The Shepherd Scholarship Fund specifies that the annual earnings be awarded to deserving students in the Town who plan to further their education beyond high school. This year, six students benefited and payments were sent to the Financial Aid Officer of the institutions of their choice, to be credited to either tuition or other direct college expenses. Payments are made semi-annually and the entire interest earned on the Shepherd Certificates of Deposit is paid. The trustees made a unanimous decision to start in 1984, that these scholarships would be available only to students in the first and second year of their post-high school education.

The interest income of the Cemetery Trust Funds is used for general maintenance, grass cutting and trimming through the growing season.

The Tomb Fund for the benefit of the Tuftonboro Library is a matching fund, with equal amounts of money appropriated by the Town, for the purchase of additional books, periodicals, etc. Payments to the Library Trustees are made quarterly.

Late in 1984, the Charles W. Davis Fund, formerly administered by an attorney, was taken over for administration by the Trustees. This fund was established several years ago on behalf of senior citizens here in Tuftonboro.

For specific amounts of income and expenditures, we refer you to the annual financial report.

The Tuftonboro Free Library circulated 5,955 books and periodicals during 1984. Because the Bookmobile has ceased to exist, 1,026 books have been acquired from the state. With the purchase of 274 new books and 5 magazine subscriptions, the total number of books in the collection is 7,864.

There have been many personnel changes this year. Lucybell Roessiger, librarian, resigned to further her education. Norma Metz, trustee, resigned to go to Sweden for two years. Alice Grant, trustee, resigned for personal reasons. The Library was fortunate to have these capable people.

Ruth Bauer was hired as librarian. The Trustees are pleased with her efforts and enthusiasm.

The Friends of the Library have had an active year. Another successful Book and Bake Sale helped to provide funds for a step stool, book cart, entry mat, the framing of Audubon prints and material for John Levergood to build storage shelves. The Friends and Trustees hosted an open house to express appreciation for Mrs. Roessiger's years of library service. The Friends also hosted a reception to introduce Mrs. Bauer to library patrons.

The Hurlburt Charitable Trust Fund provided a typewriter and table as well as many reference books for the library.

The Girl Scouts planted bulbs this fall to enhance the appearance of the library.

The Trustees would like to thank the core of volunteers who help the library run smoothly: Frederick Bauer, Dorothy Chaffee, Maura Donovan, Louise Drowne, Midge Pearson, Florence Sawyer, and Becky Spencer.

Respectfully,

CAROL TRUEBE, Chairperson CHRISTY SARLES STEVEN BUSH

Tuftonboro Police Department Juvenile Program

In the interest both of promoting crime prevention and strengthening contacts with the juvenile portion of our population, increased emphasis was placed on in-depth cooperation not only within the community but also with various contributory sources throughout the state. Every effort was made to create the feeling that the police were friends of the children. Special efforts were organized to develop effective programs dealing with potential drug abuse; with proper child identification; with attempts to solve domestic violence situations where children were involved and with attending to the basic personal safety and emergency needs of children.

The cooperative inputs to the Department's efforts was outstanding. Among those who aided were the Tuftonboro Volunteer Group, several local police departments, the State Police, the State Highway Department, New England Telephone Company, interested local residents, School Personnel and Ames Department Store.

A summary of principal activities, by categories, follows:

Programs Given at the Tuftonboro Central School

Cold Weather Safety. Instructions were given, prior to the Winter Carnival, concerning thin ice, hypothermia and correct clothing. The Carnival involved a cross-country ski run to 19 Mile Bay followed by ice skating and an outdoor luncheon.

Child Identification. Approximately 100 children were fingerprinted and the descriptive cards were sent home to their parents. This effort was assisted by Officer John Donovan from Wolfeboro Police Department and by the Tuftonboro Volunteer Group.

Alcohol and Drug Abuse. Continuation of a program involving grades K through 6 called "Starting Early" and dealing with alcohol and drug abuse problems. Drug Abuse paraphernalia to be shown to teachers were obtained from the State Police and the Sheriff's Department. These

materials also can be made available to other schools in the Governor Wentworth District. Assistance was given to a seminar for district teachers featuring films on the "Drug Epidemic" and means for identification of drug and paraphenalia.

Child Safety Program. New England Telephone Company gave the Department a kit called Telezonla. This electronic equipment is employed to teach children how to use the telephone, especially in emergency situations. The equipment can be made available to other schools in the District.

We are participating in the New Hampshire Child Passenger Safety Program and, as a part of this effort, Ames Department Store donated two child safety seats. One will be carried in the police cruiser for loan to residents who face a temporary need for same when children are visiting, etc.

Road safety was stressed for the Circus Parade held in June and the Fall Halloween party and program. Assistance was provided in developing a playground safety video for school use.

Bicycle Rodeo, Bicycle Safety. This was a continuation of the annual program involving instruction in safe riding, bicycle inspection and registration, a safety and warning sign riding course set up for the younger children and road bicycle tours. Due to the number of children and adults injured while riding bicycles, this is considered to be an important effort. Volunteer parents and teachers rode with the children and supplied transportation for bicyclists who, for some reason, could not continue the ride. The equipment inspection team was organized by Bill Ready and the necessary signs and paraphenalia were lent by the State Highway Department.

Toys for Tots. The Department participated in the Toys for Tots Christmas 1984 program. E. T. games were given to every child in school and presents for 35 children were wrapped and delivered by the Volunteer group and assisting children.

Crime Prevention & Safety. Talks were given in each classroom about shoplifting, "stranger danger", kidnapping and molestation.

Other Background Efforts Related to

Juvenile and Crime Prevention Programs were:

- Membership in the New Hampshire Youth Workers Association and attendance at their meetings.
- Attendance at programs for Law Enforcement Officers.
- Talks on Child Abuse at the Tuftonboro Grange and on Drug Abuse for local and regional VFW groups and auxiliaries.
- Taping of special TV programs on Child Abuse for future use.
- Fingerprinting children at Ames Department Store for Child Find. This was a cooperative effort with Sergeant Anna Reed of the Wakefield Police Department.
- Firearms familiarization course involving both class work and a day on the range.
- Family aid for troubled children

- Engine 1—1965 Ford Farrar Pumper with 750 gpm pump and 600 gallons of water.
- Engine 2—1983 GMC Mini-pumper with 1000 gpm pump and 200 gallons of water.

Training on these meeting nights included ladder drills, relay pumping, brush and woodlands firefighting skills, tanker relays, cold weather pumping and firefighting, as well as mutual aid sessions with neighboring town Departments.

Radio communications has continued to be up-graded to allow for pager alerting of members by the Wolfeboro Fire Department Dispatch. Also, direct radio communications with neighboring communities has been improved.

Two of the Department's fire attack units were equipped with hose loads of 3" fire hose. This continuing project, when completed, will allow the Department the capability of pumping in excess of 500 gallons per minute of water onto a fire building.

During 1984 mechanical problems continued to be experienced with the Department's Engine 3. Planning is currently underway towards the replacement of this unit within the next two years.

On behalf of the Department, my thanks to the Wolfeboro Fire Department and area emergency services for their continued support and assistance.

Report of the Town Forest Fire Warden and State Forest Ranger

Our first forest fire prevention law was enacted by our State Legislature 90 years ago. This early law set in place a cooperative forest fire prevention and suppression effort between city and town governments and State government. It simply stated that no open fire could be kindled when the ground is free of snow, without the written permission of the town/city Forest Fire Warden. This law also stated that anyone kindling a fire without written permission shall be liable for the damage caused and subject to a \$1000 fine.

During the past 90 years, this law has worked so well that it has remained unchanged. All open fires when the ground is not covered with snow must be authorized by the local Forest Fire Warden. Persons kindling a fire without a permit when one is required are liable for damages caused, fire suppression costs and subject to a \$1000 fine.

This cooperative fire prevention law has contributed significantly to our nationally recognized annual forest fire loss record.

Park and Recreation Committee

The Park and Recreation Committee had a busy year. We purchased new rope for the buoys surrounding the swimming area at 19 Mile Bay. The swimming program was run by Laura Dodge and was a great success. She is expected back next year.

We ran an instructional baseball team for children ages five to seven. It was attended by 21 children.

The exercise course was started in the fall and should be done in the spring. We want to thank all the people that helped this year.

Planning Board Report

In 1984 the Planning Board met 26 times and approved three subdivisions for a total of 48 new lots, signed 10 plans of land, approved 4 boundary line adjustments and 2 sign applications, began hearings on 3 new subdivisions and dealt with 2 requests for special exceptions. After a public hearing in January, the Board recommended revisions to the zoning ordinance which were adopted after vote at Town Meeting. We adopted Phase I (Chapters 1 thru 5) of the Master Plan after a public hearing in February; continued work on Phase II (Chapters 6 & 7) and had a public hearing in November and public discussion in December for Phase II. This phase should be complete early in 1985. We began work on a first draft of new zoning ordinances which will incorporate the recommendations of the Master Plan and be a complete updating of our existing ordinances. The new ordinances should be ready for voting at Town Meeting in 1986. The Planning Board also began work on revised subdivision regulations, procedures and applications which will be completed in 1985. As in 1983, the Board worked with the assistance of The Thoresen Group, planning consultants from Portsmouth.

We began 1984 with one vacancy on the Board and during the years we accepted with much regret the resignations of our secretary for the past few years, Cheryl Carleton, Board member Carl Bardh and Selectmen's representative, Chester Chellman. Ivan Phelps and Bob Brown were appointed to fill the vacancies and Norman Vittum was designated as Selectmen's representative. Susan Ramsbotham is acting as secretary until a new one can be found.

For Board members, 1984 was a year of many adjustments, too many meetings, and many things accomplished.
